Teacher of Business Studies and Mathematics: Outer London allowance

We are seeking to appoint a well-qualified, enthusiastic and inspiring teacher of Business Studies and Mathematics to join the very popular Business and Mathematics departments. The Business Studies department has 3 OCR GCSE cohorts in years 10 and 11 and offer BTEC Business Diploma at Sixth form – with very strong value added made by students across all courses. The Mathematics department was in the top 6% nationally for progress in 2016 and we are awaiting confirmation of national data for 2017. All students study GCSE Statistics as well as Maths at Key Stage 4. Maths is also extremely popular in the Sixth Form, where Maths, Further Maths and Core Maths are studied. Maths is taught in sets to from Year 7 to GCSE with some setting at AS level.

We would welcome applications from teachers with QTS, QTLS or those who are unqualified but with some proven experience. Very good support is given to NQTs and those training to teach in the school. As a Teaching School, we have extensive experience of training teachers to Qualified Teacher Status. We are able to offer the position as either 0.6 part-time, or full time together with a second subject.
